## THIRTEEN MEN WERE IN MINE

Nine of Them Met Horrible Deaths When an Explosion Occurred.

## ANOTHER BADLY HURT.

Cause of Explosion is Unknown—Heart Rending Scenes.

South Carrollton, Ky., Feb. 11.—Nine men met almost instant death and one was so badly injured that his death is expected at any moment in an explosion at the mine of the Moody Coal Company at 4 o'clock yesterday afternoon.

The dead are:

Robert Cook, white, aged forty-five years. Married.

John Bush, white, aged fifty years. Married.

The remaining seven dead miners are negroes and are as follows:

Hugh Corbin.

Dick Blacklock.

Pete Gatton.

Charles Van and his young son.

Charles Ross.

Pato Penick.

James Bryant, white, aged twenty-five years, and married, was removed from the mine in an unconscious condition and his body horribly mangled.

## CAUSE IS UNKNOWN.

The exact cause of the explosion will probably never be known. There were thirteen men working in the shaft, which is one hundred and eight feet deep, at the time of the explosion.

## POLICE COURT CASES.

Are Followed Into Higher Court By Fourth Class City Officials

Senate Bill No. 35 has passed both houses and will soon become a law, and it has an emergency clause. An Act amending an act entitled "An act for the government of cities of the fourth class," and approved June 28, 1893.

It was enacted by the General Assembly of the Commonwealth of Kentucky.

Section 1. That an act entitled "An act for the government of cities of the fourth class," and approved June 28, 1893, be and the same is hereby amended by striking out Section 35 of said act, said section being Section 3517 of the Kentucky Statutes, and inserting in lieu thereof the following, viz:

"Section 3517. All fines and forfeitures recovered in any court, the prosecution of which originated in the Police Court, in the name of or in favor of the Commonwealth of Kentucky, for violation of the penal laws committed within said city's police jurisdiction, are hereby granted to the city without regard to which court the final judgment is rendered in, and when collected either in the Police Court, the Circuit Court of the county in which said city is located, or in the Court of Appeals, after payment of all fees and costs, the proceeds of said judgment shall be paid to the Treasurer of said city. When an appeal is taken from a judgment of a Police Court under the penal laws of Kentucky, it shall be the duty of the City Attorney of said city to represent the Commonwealth in said case in any court to which it may be appealed, and it shall not be the duty of the Commonwealth's Attorney or County Attorney to so represent the Commonwealth in such appealed cases, it shall be the duty of the City Attorney to take all steps necessary for the collection of said fine or forfeiture and for the enforcement of said judgment. When, in the enforcement of a judgment in a case appealed from the Police Court, it is necessary to imprison the defendant, the cost of the imprisonment shall be paid by the city."

Section 2. All acts and parts of acts in conflict with this act are hereby repealed.

Section 3. Whereas a large number of cases under the penal laws of the State have been, and are being, appealed from the Police Courts of cities of the fourth class, which will prevent said cities from collecting the judgments herein granted them, an emergency is declared to exist, and this act shall take effect immediately upon its approval by the Governor.

## MARRIED HERE LAST TUESDAY.

Miss Maybel Dillman, a "Kentuckian" Guest to Jamestown.

## WAS A QUIET WEDDING.

Mr. Alpha Jameson, Pembroke Business Man, the Groom.

A quiet wedding took place Tuesday afternoon at the home of Mrs. Boyd's on Thirteenth street, the principals being Miss Maybel Dillman and Mr. Alpha Jameson, of Pembroke. Rev. W. E. Mitchell, pastor of the Pembroke Baptist church, made a special trip to officiate, which he did in his usual happy manner.

MISS MAYBEL DILLMAN.

The bride is one of the most accomplished and popular young ladies of her section of the county. She is a daughter of Mr. J. H. Dillman and has been teaching in the county schools for several years.

As an evidence of her popularity, she was one of the young ladies sent by the Kentucky to the Jamestown Exposition last summer. She is a young lady of rare culture and attractiveness and her many friends in the theory will unite with us in wishing for her and Mr. Jameson a long and happy life.

The groom is one of Pembroke's strenuous young business men and has hosts of friends who will be glad to learn that he has secured such an excellent young lady for his life partner.

## Lost Their Child.

Sarah Elizabeth Connell, daughter of Mr. and Mrs. Geo. Connell, died Monday night of spinal trouble, aged two years.

## ASSOCIATION HOUSE BURNED

Another Big Tobacco Fire at Springfield.

## ORIGIN A MYSTERY.

Loss Estimated at \$15,000 With Some Insurance.

Springfield, Tenn., Feb. 12.—The big warehouse of Wm. McMurry was burned last night, the fire being of mysterious origin. The warehouse was worth probably \$8,000 or \$10,000 and was formerly occupied by McMurry owned the building, but did not attempt to open this season. The building was leased as a prizing house for the Dark Tobacco Association and it was well filled with tobacco and prizing had just begun.

The loss is estimated at \$15,000. The insurance on the building was only \$2,000. The tobacco was, it is understood, insured.

One theory is that fire was caused by the overturning of a stove.

This is the second fire in that county within the last ten days.

About a week ago a barn belonging to H. C. Lawrence, at Sadlersville, was burned by night riders, who shot up Lawrence's house and wounded him and his son.

## AGED CITIZEN

Of Mannington Dies After Long Illness.

D. F. Teague, a well known citizen of Mannington, died Monday, after a long illness, of a complication of diseases, aged 70 years. He was a man held in the highest esteem by every one who knew him and had been a member of the Universalist church for a number of years. He leaves a family. The interment took place at Old Petersburg Tuesday. Rev. J. M. Raenake preached the funeral.

## EIGHT WAGONS

In Line Looked Like Old Times.

A string of eight four-mule wagons Tuesday, going up Main street, loaded with hay, tobacco, corn and farming implements, attracted almost as much attention as—well, we liked to have said a circus parade. It looked like somebody on the farm was busy last year attending to his own business. Country wagons loaded with farm products have been quite numerous on the different streets for a week or more.

CANDY NOT HARD TO MAKE.  
Delicious Confection Is That Known  
as Chocolate Pralines.

This is what is required: Five  
ounces of loaf sugar, four ounces of  
almonds, coating chocolate.

Blanch and shred the almonds.  
Put them on a tin in the oven and  
brown them slightly.

Rinse a pan out in cold water, put  
the sugar in it and let it melt slowly,  
then boil it until it is a golden brown.

Next turn it on an oiled slab or  
dish, and leave it till cold. Then  
pour the sugar to a pasté, and  
then put the sugar and almonds to  
gether and pound them till they are  
one.

Shape the mixture with your hands  
into little balls, squares and work-  
shaped pieces, and leave them on a  
tin till dry.

Then melt some "coating choc-  
olate," gently dip each ball, etc., into  
the melted chocolate, and put it on a  
greased paper till it is dry.

These are most delicious, and, while  
being very expensive to buy, can be  
made at a very small cost.

TRY THIS "KISS PUDDING."

Something New in the Way of a  
Light and Delicious Dessert.

Put one pint of milk in a double  
boiler; heat to boiling point and add  
three tablespoonsfuls of sugar and two  
tablespoonfuls of cornstarch, which  
will have been dissolved in a little  
milk. Let boil, stirring constantly;  
add the whites of three eggs, which  
have been beaten to a very stiff  
foam; heat the mixture to a full  
boil; then strain it through a sieve  
into teacups, filling them half full.  
Set aside to cool and make sauce  
for same as follows: Bring to boiling  
point one pint of milk in a double  
boiler, then add three tablespoonsfuls  
of sugar and three beaten egg yolks,  
thinned with one tablespoonful of milk.  
Strain this mixture into the tins (do  
not boil or it will curdle), drive over  
lemon or vanilla and add a pinch of  
salt. Cool and pour over pudding  
and serve.

Candied Chestnuts.

Cook a pint of chestnuts until ten-  
der in slightly salted water. Drain  
water and add two teaspoonsful of vanilla.  
Mix one cupful of granulated sugar with  
two tablespoonsfuls of water, boil  
without stirring until a little dropped  
on cold water bubbles up like the  
bottom of a pan at once. Take it off  
the fire and add the chocolate. Dip the  
chestnuts one by one into this, laying  
them on waxed paper. Let cool and  
store in air-tight cans. The chocolate  
may be omitted and the sirup colored  
pink or green and if flavored with  
wintergreen or peppermint makes a  
pretty and acceptable after dinner  
sweet.

Autumn Leaf Cakes.

Two cups flour, two eggs, half tea-  
spoon salt, one teaspoon cold water.  
Mix all together, flour, breadboard  
it, then drop into a thin sheet, cut with a sharp knife  
into squares, and drop a few at a time  
in deep hot butter; when brown on  
one side turn over, remove from fry-  
ing pan, put in more leaves; when all  
are done, sprinkle with powdered  
sugar. You will have a large platter  
of the most delicious cookies that the  
most delicate stomach can digest. The  
hot butter makes them grow into the  
most lovely shapes that resemble fall  
en leaves.

Ensalada Mixta.

This is a refreshing Cuban salad.  
On a foundation of crisp lettuce leaves  
pile bits of cold ham, sliced carrots,  
string beans, asparagus, slices of raw  
onion, also of green sweet peppers,  
olives, cold boiled eggs and radishes.  
Pour over all a dressing of oil, salt,  
pepper and vinegar. This is a good  
way to use small quantities of vegeta-  
bles left over, as corn, peas, beets  
and other things, as to the toothsome-  
ness of it. A little care in arranging  
makes also a pretty dish.

Washing Dishes Made Easy.

Put a dish pan half full of water  
on the stove when you begin to get  
dinner. As you use a dish or wash  
wash it and put it away. Lastly, wash  
frying pans and kettles, then throw  
out water. After dinner you will not  
have such a discouraging looking  
kitchen. There will be no pans or  
kettles with dried food to be soaked  
out, and the dishes from the dining  
room are easily washed.

To Clean an Iron Sink.

An iron sink which is badly discolored  
with rust, and which is covered  
with a thick coat of grease, may be  
cleaned with kerosene oil. The sink  
is to be cleaned with about a quart  
of kerosene. Apply the oil at night,  
so that no water need be run into the  
sink for several hours. Then in the  
morning it should be wiped dry.

Shoes in Housework.

If you do your own housework  
see that your shoes are loose and ab-  
solutely comfortable. Change them  
moreover in the afternoon, as nothing  
rests the feet more. If your feet get  
so tired that you feel you cannot stand  
up another moment, and your feet  
are swollen, take time to dip them in  
cold water and give them a vigor-

ous wash.

Chinese Mutton.

Dice one pound of cold mutton. Add  
one cup of flour, one cup of onions  
can of peas, drained, a tablespoonful  
of onion juice, salt and pepper, a table-  
spoon of butter and a cupful and a  
half of broth or water. Simmer  
gently for half an hour, seasoning to  
taste. Serve with a border of hot  
boiled rice.

## HAVE STOOD TEST

RECIPES KNOWN AND USED FOR  
YEARS.

Will Bring Back to Many the Joys of  
Their Childhood Days and the  
Good Things Mother Used  
to Make.

It is a singular thing how as we  
grow older the inherited or childish  
tastes for certain dishes take prece-  
dence over the later and acquired  
tastes. No water is so sweet and  
refreshing as the water from the  
mountain sides of the "old oaken  
bucket" for in these days we didn't  
bother our heads over such unimpor-  
tant things as microbes or surface  
drainage. No frapped drink in crys-  
tal flagon compares with the pink lemonade  
that blissfully crowned a visit  
to the circus or country fair. No  
turnip soup is so delicious as the  
"salt rising" the fat brown loaf  
or "rys ningen" or the spoon bread  
of the south, though we might find  
to-day the first maledorous, the sec-  
ond coarse and heavy, and the third  
apt to be soggy. Oh, for the "fruit  
loved of boyhood." The pie and cook-  
ies "meant to make," the turnip  
and "jelly," the "hermits" sand tart and card  
gingerbread that made our school  
lunch baskets the envy of our mates.  
Would you like some of these re-  
cipes gleaned first hand from practi-  
cal housewives, north, south, east  
and west? Every recipe is not only  
rich in taste but so good that  
it will stand in families origi-  
nally brought up on it.

High Bridge Gingerbread. This is  
still in use in an old homestead in pos-  
session. Put in a pan one cup molasses,  
one cup brown sugar, and one cup  
melted butter. Add a dessert spoon-  
ful of soda and stir until dissolved  
and foam. Add a cupful of flour in  
which a dessert spoonful of soda has  
been dissolved and stir until the whole  
mixture is foamy. Add two beaten  
eggs, a teaspoonful grated nutmeg,  
and a dessert spoonful of cinnamon,  
a tablespoonful ginger and three cups  
of flour. Stir until well blended, then  
bake in a moderate oven.

Maple Wood Hermit. Mix together  
two cupfuls sugar, one cup molasses,  
one cup pure lard, softened, and  
two level teaspoonfuls soda dissolved  
in a cup of warm water. Add two  
well-beaten eggs, two teaspoonfuls  
cinnamon, one teaspoonful cloves,  
one nutmeg, and one cupful of wal-  
nuts, which may be seeded raisins, chopped  
English currants or chopped prunes. Mix  
very soft, cut out with a cookie cutter  
and bake on floured tins in a medi-  
um hot oven.

Auntie Coe's Ginger Snaps. Boil  
one pint of molasses. When cooled  
put in a pan and beat into one beaten  
egg and one teaspoonful of soft lard,  
mixed and melted. Add two table-  
spoonfuls ginger, then work in one  
teaspoonful soda dissolved in a  
spoonful warm water and enough sifted  
flour to enable you to roll out the  
dough easily. It must be rolled  
thinner than the snaps stamped out and  
baked quickly. Remove carefully from  
the pan and lay on sheets of paper un-  
til cold and crisp.

Goddess Chili Sauce.

A chili sauce is made by a western  
Auntie who says she will be found  
good and economical. Chop finely  
large green pepper when the  
seeds and white pulp have  
been removed, and four large onions.  
Cut into small pieces 24 large ripe  
tomatoes. Put them together in a  
kettle, mix thoroughly and add three  
tablespoonfuls of salt, eight table-  
spoonfuls of brown sugar, six cups of  
vinegar and two teaspoons of cinnamon  
and one of cloves. Boil it gently one  
hour, then seal in pint cans.

Spiced Grapes.

One quart grapes, vinegar, one pint  
molasses, one level tablespoonful ground  
cinnamon. Remove grapes from  
stems and wash. Put into pre-  
serving kettle, cover with vinegar,  
heat slowly to the boiling point,  
and cook for thirty minutes. Strain,  
add sugar and spice, and let  
come to a boil. Remove from the fire  
and when cold bottle for use. This is  
very nice with cold meats.

To Remove Dye Stain.

I spilt some red dye on my tan  
cover skirt and the cleaners told me  
that any substance strong enough to  
take the stain would eat the  
goods. I knew that hot water would  
set the dye, so I scrubbed it with  
ivory soap and ammonia and cold wa-  
ter, using a brush. This plan was a  
good one, for after much scrubbing it  
was as good as new.

Make Children's Stockings.

A good way to make cheap stockings  
for children is to take men's  
worn balbriggan underwear and with  
an old stocking for a pattern cut out  
and with a ten-cent package of dye  
either black or brown dye them.  
Several pairs can be had from a  
suit of clothes, according to the size  
of the child.

Household Economy.

When buying cloth the best and  
quickest way to wash it is to  
dip a cloth out of soft warm water,  
dip it in soda, and rub on the wood-  
work. The dirt will be easily and  
quickly removed and the paint will  
look fresh and washed.

On Cold Washdays.

To prevent hands from getting cold  
while hanging up clothes, wipe hands  
dry and rub thoroughly with powdered  
starch.

Senator Conn Linn is presiding over the Senate while Lieutenant Governor Cox is acting Governor.

Beech Hargis has waived examination and will remain in jail without bail for the murder of his father, James Hargis, at Jackson.

Taff made a clean sweep in the primaries in Ohio this week, to select delegates to the National Republican Convention.

The Pure Food Bill has passed both Houses and awaits the signature of the Governor to become a law. It is practically a duplicate of the Federal law on the same subject.

Coal mine operators regard as absurd the story that the mines of Hopkins county have been mined by union miners and will be blown up when a favorable opportunity arises.

There was a slight variation in the ballot for Senator Tuesday. Beckham received 60, Bradley 59, Wheeler-Campbell 5, Allen 1 and Watterston 1. A crisis is believed to be approaching in the deadlock. Those who claim to know say that the passage of the county unit bill will be followed by the election of Bradley. The 'break' may not come when it passes the House, as it is not likely that a fight will be made there, but the action of the Senate will decide the contest.

Three recent decisions by the Republican Supreme Court have greatly lessened the Republican chances of success this year. One before Christmas was declaring the Employers' Liability law unconstitutional. This was followed by a decision permitting railroad companies to discriminate against union labor by refusing to employ union men. The last was the decision rendered in the case of Lowder & Loewe awarding them triple damages against the Hatters' Union, of Danbury, Conn., for a boycott against the former's hats. The court held that the boycott extended to many States, which in the language of the bill, constituted a combination to limit and restrain interstate commerce.

The readers of this paper will be pleased to learn that there is at least one-dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work.

The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

### PLOT IS OVERHEARD

To Blow Up Non-Union Hopkins County Mines.

Madisonville, Ky., Feb. 8.—The following is a letter which was received by one of the local newspapers, written at Hopkinsville and dated at Henderson.

Hopkinsville, Ky., Feb. 7, 1908.—

For some time I have been trying to avoid the performance of a duty I owe to an innocent and unsuspecting people, but at last my regard for human life prompts me to write this letter, which, if published, I feel confident will be the means of saving hundreds of human lives and prevent the destruction of many thousands of dollars worth of property. On the night of Jan. 25, I happened to overhear a conversation in an adjoining room to mine at a hotel in the city of Hopkinsville. Judging by the different voices there were three men in the room, and one of them was revealing a plot to blow up the non-union mines in Hopkins county. One of the numbers stated that there were high explosives planted in twelve different mines in Hopkins county, and that there were from five to seven men in each of the mines who were acquainted with the location of the explosives, as well as the methods of exploding them. The plan, as revealed, is to set the explosives off when the power is turned on in the morning at the electric mines, and to use a fuse where electricity is not used. During the conversation, one of the number remarked: 'It will never do to let President Smith know of this plan, for he is as bitter as hell against violence of any kind, and will not stand for anything like this.' Another remarked: 'Ab, the damned scabs will all be in hell before Smith knows anything about our scheme.'

'For God's sake, make them know before it is too late. J. R. A.'

### Only a Cold.

"Only a cold," is a common expression. And so the victim lets it go on, day after day, red eyes, swollen features, lassitude, sleeplessness, loss of appetite, the irritating cough.

In itself a cold may be simply uncomfortable. In its results it is often fatal. Pneumonia, with its enormous fatality; consumption, with its deadly grip; bronchitis, asthma, these and many ailments are often the direct result of a cold.

The patient may have had many colds. They have resulted in nothing serious. But when the system has become weakened by these repeated attacks, when the mucous membranes are in a chronic unhealthy condition, then it is these fatal maladies assert themselves.

This is no greater mistake than to neglect a cold. At its first appearance measures should be taken to relieve it. At this season of the year, when coughs and colds are common, Peruna should be kept constantly in the house. At the first symptom this remedy should be taken. It will soothe the mucous membranes, relieve the irritation, and the cold will gradually disappear. That this has been the experience of many is proven by the hundreds of grateful letters in our files.

### The Blarney Stone.

In there really such a thing as a blarney stone in Ireland? asks a subscriber.

It is a stone built in the wall on the summit of Blarney Castle (about four miles northwest from Cork). The stone is said to confer on the person kissing it the power to speak agreeably. The castle was built in 1449 by Cormick McCarthy. The true blarney stone recognized by the natives is not the one commonly kissed, but is in the wall several feet from the top, and can be kissed only with great difficulty and with assistance, by leading over the parapet.

### NO WONDER WOMEN

#### TIRE SO EASILY!

Too Many Bandages Around Their Waists.

Chicago, Feb. 10.—A woman gets tired and exhausted after the slightest exertion because she is improperly dressed according to the theory of Dr. E. C. Dudley, expressed yesterday in a lecture before a class in Northwestern University Medical College.

"No wonder her circulation is poor, no wonder she is unable to stand any exercise or exertion to amount to anything," said Dr. Dudley.

"The upper garments are usually of some thin material, and according to the caprice of fashion may or may not cover the arms, neck and upper part of the bust."

"A profusion of skirts are worn loosely around the lower extremity of the body, and the feet are held in a vice-like grip of thin, high-heeled covering which resembles stilts more than shoes."

"In strange contrast to such inadequate protection of the upper and the lower extremities, the waist and hips are swathed and compressed in a 'torrid zone' of whalebone corset, belt steel and the pads of the various under and outer garments worn by the women of today."

"The average woman wears a total of seventeen layers of bands of some sort around her waist. Allowing 24 inches as the average waist circumference of a Chicago woman, although there are many with larger waists, it means that each woman has a total of 34 feet of bandage tightly wrapped around her."

Dr. Dudley told his class the only way the woman of today can become strong and hearty is by banishing the numerous tight bandages about the waist and giving more care to keeping the upper and lower portions of the body warm.

"The average woman wears a total of seventeen layers of bands of some sort around her waist. Allowing 24 inches as the average waist circumference of a Chicago woman, although there are many with larger waists, it means that each woman has a total of 34 feet of bandage tightly wrapped around her."

Paducah Breach of Promise Case Settled by Cupid.

Paducah, Ky., Feb. 10.—Dan Cupid effected a reconciliation between Mr. Earl Griffith and Miss Flora Tyree, a well-known couple of this city, and they are now man and wife. A few days ago Miss Tyree brought suit against Mr. Griffith for \$3,000 damages for an alleged breach of promise. They were to have been married Dec. 24, 1907, but, Miss Tyree alleged he broke the engagement after she had given up her position at "Noah's Ark" store.

# THE WHOLE YEAR ROUND.

Women Everywhere Use Pe-ru-na.

MRS. JOHN UNDERWOOD

Tired, Worn-Out Mothers.

Mrs. Lydia H. Jesselyn, 501 Washington St., Providence, R. I., President of the Editors League of Rhode Island, charterer in Providence, she writes:

"My experience with Peruna has been most gratifying. Last winter I contracted a severe cold, and for several days I coughed until my voice failed me. When other remedies did me no good, I decided to try Peruna, and within four days the cold was broken up, and the cough abated."

"Within another week an increase in my usual strength and vitality told me that Peruna was doing all that it promised, and I have since recommended it for tired, worn-out mothers, and have advised several to try it, and have seen most gratifying results from its use. Give it highest praise."

**Bowel Trouble.**

Mrs. Maggie Durbin, 1382 North St., Little Rock, Ark., writes:

"I was troubled for five years with a bowel trouble, to the point where I heard of, but nothing did me any good. Some doctors said my trouble was a catarrh of the bowels, and some said constipation of the bowels."

"One doctor said he could cure me. It took him two months. But it did not help me."

"A friend of mine advised me to try Peruna and I did so. After I had taken two bottles I found it was helping me, so I continued its use, and it has caused me sound and well."

"I can now advise anyone to any one, and if any one wants to know what Peruna did for me if they will write to me I will answer promptly."

Peruna is a household remedy of great merit, and is useful in many climatic ailments, such as coughs, colds, sore throat, bronchitis and catarrhal diseases generally.

**Biliousness, Indigestion.**

Mrs. Lena R. Moudy, 559 Caywood St., Portland, Oregon, Sec'y Royal Tribe of Joseph, writes:

"For the past six years biliousness and pains in my back and limbs made life miserable to me. My skin was always dry, and indigestion added to my trouble. I was wakeful at night and would get a weak, faint feeling during the day so that I was not fitted to attend to my regular duties. This caused me serious annoyance and trouble, and I naturally tried many remedies, hoping to find a relief."

"Peruna came as a friend in need. It toned up the system, relieved the blood of the poisons and induced a healthy action of the stomach, a fine result. I am now in full health and feel no trouble, and am greatly improved."

"Within three months I was a changed person, and for nearly a year now I have enjoyed splendid health."

**A Grateful Patient.**

Mrs. Eliza J. Caze, R. F. D. 3, Bedford, Ind., writes: "I have been cured by using Peruna and Manalin. I thank you for your advice."

"I am feeling better than ever before."

"I can truly say that Peruna is a woman's friend. I have no more terrible pains and am stronger than I have been. Your medicine has worked like a charm."

"I believe Peruna is all that is claimed for it."

**Restorer of Lost Strength.**

Mrs. Bessie Farrell, 1011 Third Ave., Brooklyn, N. Y., is President of the Young People's Christian Temperance Association. She writes:

"Peruna is really a valuable nerve and blood tonic, calculated to build up the broken-down health of worn-out women. I have found by personal experience that it acts as a wonderful restorer of lost strength, increasing the appetite, assimilating and digest the food, and building up worn-out tissues. In my work I have had occasion to recommend it frequently, especially to sick women."

"I know of nothing which is better to build up the strength of a young woman. Its action is peculiar to women, so I am pleased to give it my hearty endorsement."

**Pe-ru-na a Woman's Friend.**

Mrs. Ella Embree, Clark, Mo., writes:

"I am feeling better than ever before."

"I can truly say that Peruna is a woman's friend. I have no more terrible pains and am stronger than I have been. Your medicine has worked like a charm."

"I believe Peruna is all that is claimed for it."

**Bilious Headache.**

Mrs. Emily Kellogg, 649 S. Lawrence St., South Tacoma, Wash., member of Ladies of the Maccabees, writes:

"Three months ago I had an attack of biliousness which threatened to deprive me of my health and strength. Luckily for me, I tried Peruna at the suggestion of my friends before it was too late."

"I found in a few days time that I did not have the usual sick headache, neither did food nauseate me any longer. In two weeks time Peruna had completely rid me of biliousness and bile, and I was in a much better condition."

"My skin assumed its normal color, I had a splendid appetite, and I was in every way improved in health. I used Peruna for a month longer, and it wrought a wondrous change in my entire system. I consider it a most wonderful medicine."

**Nervous Dyspepsia.**

Mrs. J. C. Jamison, 61 Marchant St., Watsonville, Cal., writes:

"I was troubled with cramps in the stomach for six years. I tried many kinds of medicine, also was treated by three doctors. They said that I had nervous dyspepsia. I was put on a liquid diet for three months. I improved under the treatment, but as soon as I stopped taking the medicine, I got bad again. I took the medicine for two years, then I got sick again and gave up all hopes of getting cured."

"I saw a testimonial of a man whose case was similar to mine, being cured by Peruna. I bought a bottle and tried it. I pronounced a bottle at once and commenced taking it. I have taken nineteen bottles and am entirely cured. Hartman gained in strength and dash and feels like a different person."

"I believe Peruna is all that is claimed for it."

**Catarrh of Head.**

Mrs. Joseph Vittur, 5709 Erie St., Chicago, Ill., writes:

"For months I used Peruna and of great benefit to me. I suffered of catarrh of the nose and head for many years. Three bottles of Peruna cured me, after I had considered it impossible to ever be cured again."

"I now always keep Peruna in the house. I have a son who suffers one suffering from catarrh. As soon as one of my children commence to cough I give them Peruna, and their cough is soon gone."

"This medicine surely a great boon to suffering humanity."

**Pe-ru-na the Family Doctor.**

Mrs. M. E. Gouraud, R. F. D. 2, Birmingham, Ga., writes:

"I am ready to speak a few words in favor of Peruna and Manalin. I have tried them for nearly every ill of life for myself and family, and find them to be the best medicines I have ever used internal trouble when my doctor could not."

"My advice to all suffering women is, consult Dr. Hartman. What he has done for me he will do for you."

**Pe-ru-na in Tablet Form.**

For two years Dr. Hartman and his wife have given great labor to create Peruna tablet form, and their strenuous labors have been justly rewarded with success. People who object to liquid medicines can now secure Peruna tablets, which represent the medicinal ingredients of Peruna. Each tablet is equivalent to one avoirdupois of Peruna.

**Suffered With Stomach.**

Mrs. John Underwood, 629 W. Water St., Columbus, Ohio, writes:

"Having had catarrh and stomach trouble and having suffered very much, I, after being doctored a long while, as a last resort took Peruna. The result was wonderful, and I highly recommend it as a good remedy. I still use Peruna and would not be without it. I always have it in the house."

**Catarrh and Stomach Trouble.**

Mrs. T. Frech, R. R. No. 1, Hickory Point, Tenn., writes:

"I am happy to tell you that I am cured of catarrh. I have followed your good and kind advice faithfully. I bleed the dr. when I wrote you of my condition, and I will always praise Peruna. I think it is one of the grandest medicines on earth."

"Having been afflicted with catarrh and stomach trouble for seven years and after having tried four different doctors they only relieved me for a little while. I gave up all hope of being cured. Only weight loss pounds, and was in weak I could hardly get around the room."

"I was induced to try Peruna, and to my great surprise I am now entirely well. My weight is now 188 pounds, my health never was better in my life."

"I shall always praise Dr. Hartman and his remedies."

Thousands of families have learned the use of Peruna and its value in the treatment of catarrhal ailments.

The Y. M. C. A. of Louisville has a debt of \$20,000 hanging over it. They have painted a big white elephant and put it up at Fourth and Main streets and are trying to raise the money to pay the debts by subscriptions. The elephant has been divided into 4,000 squares and \$5 a square is charged. Hopkinson has a white elephant on hand in the way

of an uncompleted Y. M. C. A. building. In the meantime people are walking on an unpaved sidewalk, the unpainted wood work will soon rot away, and one by one the glass are being broken out of the windows. Moral for H. and L.: Don't build and have the first count the cost—and have the money."

Turned Loose at Pembroke This Week.

The Mexican quail is to be given a chance in Christian county. Mr. T. D. Jameson, of Pembroke, turned loose about a dozen of them this week with the hope that they will thrive and increase in numbers in a short time. The Mexican quail is said to have some points of excellence over the common bird. The birds were sent to Mr. Jameson by one of his friends from Lorraine, Texas, and arrived by express last Monday. The new bird bears but little resemblance to our quail. It is dove colored, has a top-knot and its tail is much longer than the Kentucky bird.

ROUTE

There is wealth and independence for you along the Cotton Belt Route in Arkansas and Texas —

## Why?

Because the soil is rich. It is not worked out. It can be bought now for from \$5 to \$25 an acre—about one-fourth of its value.

The climate is mild and healthful. You can work out doors the year around. There are good schools and churches. Live stock has good range. No costly barns are needed for winter housing. There is a long growing season—that means higher and more profitable crops. You can raise and market some crop nearly every month in the year. There are good markets nearby. There is an abundant supply of good water. The rainfall is plentiful and evenly distributed.

## Think what you're offered!

Low land values—Good water—Two crops a year—Convenient markets—Grazing for stock the year around—

Can you afford to stay where you are?

Just consider whether it's better to take advantage of the many opportunities in the territory now offers, or continue along where you are, struggling under adverse conditions, wasting your time and energy trying to make a high-priced farm which is "all worked out" pay.

Don't delay! Go Southwest! You won't be disappointed. Twice a month, Homeseeker's ticket is sent by the Cotton Belt at very low rates. Make a trip of investigation—it will be the best thing you ever did.

### WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every 3 minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy, some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. W. I. Bailey, living on east Greenville st. Madisonville, Ky., says: "It is four years since I recommended Doan's Kidney pills through our papers and my confidence in them during the time which has elapsed has not been shaken in the least, on the contrary I learned more about them and can recommend them even more strongly. I said at that time that Mr. Bailey had suffered from kidney complaint off and on for a number of years, and had used almost every known remedy for this trouble but nothing brought permanent results. He finally learned of Doan's Kidney pills and got a box. They benefited him in every way, more so than all the other kidney medicines he had ever tried. He has used them many times during the past four years, and they have never failed to give him relief from these severe attacks. I have used Doan's Kidney pills myself for a weakened condition of the kidneys and they proved just as satisfactory in my case. We both think there is no remedy like Doan's Kidney pills."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

JEWELER AND OPTICIAN,  
Repairing a Specialty.

Always Your Money's Worth.

Copyright: 1907 by Byron Williams Winter.

How calm the ruffled turnpike lies ahead.  
Its sparkling white gem.  
And how the hedgehog holds a crown  
All decked in glistening gold.  
Where cozy brooks sing softly through  
the down.  
The hills beside it pure and white.  
The bush of winter waves its jeweled  
wand.  
And stills the Autumn's rustling flight.

The moaning wind that all night long  
Has wailed.

It has turned to weep.

Has passed beyond, to know  
not of.

Again in peace the clinging snow.  
The rich mosaics of the fallen leaves  
Lie covered where they scatly fell.  
On naked limbs the russet ivy vine  
Still quivers in the zephyr's swell.

The hills like monuments of opulence,  
Stand crystal white beneath the dome of Heaven's church to  
wail.

The bounding of the winter's flight,  
As the breeze chants low the wed-  
ding song.

The glow of night glint into place—

Bethold! The moon comes up to light the  
way.

And greet the lovers face to face!

As the winter claims the blushing  
face.

And charms his waiting bride so fair,

Approving sligh-bells ring a glad re-  
turn.

Once more to the bridal pair,  
And sing beside the fireplace, glowing  
red.

And we the thrill of nuptial bliss,  
And poaching on the Winter's glad do-  
main.

In love is there, we steal a kiss!

Without is purity and hushed delight—  
The silent grandeur of the snow.

Within the maze of icy dips

Beside the warm grude's ruddy glow.

Ah, well you know, that by some freak

This sparkling world enchanted lies—

A bit of Heaven here on earth—  
With Love—and you—in Paradise!

Ding-Dong.

I would like to be one of those  
story-book farmers—the simple life  
ideal, as it were.

I like kind of farming I like en-  
compass broad fields, sleek horses,  
the rich herbs, babbling brooks, waving  
fields and nothing to do but look at  
them. I like the kind of farming where  
you go out in the morning, plant your  
bird seed, harvest your birds and drive  
back home in time to slip into your  
dinner coat before the bell rings.

I like the kind of farming all the lord and  
ladies call to and the music of the  
harpichord, you dance away the wee  
small hours and have fresh milk for  
breakfast.

Speaking of farming—this is the life  
for me! I love the aroma of sweet  
clover, the hum of bees, the tasseled  
waving of the corn, the quack of con-  
tinuous geese, the constant song of the  
jazzie—music to my soul, provided  
he doesn't get me out of bed before  
10 in the morning.

The fact is, I am a born farmer. No-  
body loves to wander around a farm  
and gaze into the face of bursting  
plenty more than I do. I could sit  
on the sunny side of a hay cock in hay  
time for an hour at a time and be  
truly happy with nothing but a jug  
of cider, a new book and a straw  
hat.

It is the perfect life, after all: the  
real life, the natural life, the free and  
untrammeled life, the health-giving,  
spirit-luminating, close-to-God life, and  
as long as I can spend all the time on  
a farm I want to go to Europe and  
other countries when far and wide  
I shall never—never desert my  
broad acre-and-a-half or sigh for a  
city flat at \$600 per—a house \$60 is an  
awful lot of money to raise every  
month, some months!

No sir, no city life for me. Only the  
undified and edifying footstool of God,  
and the nearer I can get to the  
stool and keep out of the dirt, the bet-  
ter I like it!

Serious Error.

A Kansas newspaper tells the fol-  
lowing on one of the young men of the  
town:

"A young man who is very particular  
about his washing, recently wrote a note  
to his washerwoman and to his  
sweetheart, and a strange fate he  
met with. He was invited to take a ride  
near the town, and when he got back  
he found his shirt torn and his  
waistcoat torn. He cried all the evening  
and declared she would never speak  
to him again."

## PORTRAITS OF KENTUCKY'S GOVERNORS FREE, FREE!

Every Governor's Picture  
from Isaac Shelby to Augustus E. Wilson.

For the first time in the history of the State a complete collection of the portraits of Kentucky's Governors has been secured, and the Louisville Evening Post has made it possible to place them in the hands of every citizen of this grand old Commonwealth.

The collection was secured after art galleries and private collections all over the United States had been drawn upon. A few of them are very rare, and one of the Governors is the only picture in existence. It was secured at an expense of several hundred dollars.

The portraits of Kentucky Governors are grouped around a new map of Kentucky which has just been especially engraved at a cost of \$3,500, and is the latest and best map of Kentucky ever printed. It shows all of the new railroads built in Kentucky in 1907.

In addition to the latest Kentucky map and portraits of Kentucky's Governors, there are nine other maps of great value, among them a map of the United States, showing all of the new possessions, including the Philippines, Hawaii, Porto Rico and a map of Panama showing the canal zone, also a map of the world.

In addition to these maps there are the portraits of all the Presidents of the United States and the Rulers of all Nations, together with coats of arms and flags. The three last census reports and a complete census report of all the towns in the State of Kentucky.

Taking this wall chart as a whole it is one of the latest up-to-date atlases for the home that has been produced up to this time. It contains six pages 28x36 inches. This wall chart is given away absolutely free to readers of this paper.

Ask us about it.

Every home in Kentucky should have one of these Governors' Wall Charts, for there has never before been, published in any form a complete collection of Kentucky Governors' portraits, and every man, woman and child in every home of the State should know all of their Governors have been and when they served.

It has cost the Evening Post several thousand dollars to secure this collection of Kentucky Governors' portraits, and while the chart alone is worth at least \$1.50, yet we give it away to old subscribers who renew their subscription or to new subscribers. Everybody should have a daily newspaper this year as well as their county paper. This is Presidential year. Call at our office and see this splendid Kentucky Governors' Wall Chart, or send for circular with full description.

## ELOPED TO TENNESSEE

Daughter of W. H. Jones  
Weds Man of Her Choice.

Glasgow, Ky., Feb. 11.—Miss Annie Jones and two well known young people of this place, surprised their many friends here by eloping to Gallatin, Tenn., where they were married last evening. Miss Jones is a daughter of the Hon. William Henry Jones, of this place, and is quite an accomplished young lady, having graduated with high honors at Liberty College here some few years since. It is understood that the parents on both sides objected seriously to the union on account of the difference in their ages, the bride being 25 years old and the groom only 19.

Carroll, of the court of appeals, held the pooling act of 1906 is within the limit of the constitution and as the society is not seeking to enhance the pay of the tobacco pledged to it beyond the real value of the product, the injunction is overruled.

## LONG SHEETS

"No cup, dish, vessel or receptacle for food shall have cracks visible to the naked eye."

Told to Stop Writing.

Rockport, Ky., Feb. 10.—Leroy Tichenor, a newspaper correspondent of this city, has received a warning letter from the "Kentucky Night Riders" to cease publishing stories about them.

A note addressed to the reporter was found tacked to the door of his house. The missive was evidently written in a disguised hand, and read as follows:

"Lee roy tichenor—dear sir Discontinue writing in the Kentucky Night Riders' store we will do like you done that fellow down to Dawson Springs, only worse; we mean business. It is considered here a new divine manifestation. Griffith owns a farm in Graves county and works in the Illinois Central shop here.

## Bennett An Old Man.

A later despatch from Paducah says the loss by the burning of the Bennett factory at Dyesburg was \$6,000.

Henry Bennett one of the buyers, who was whipped, is 70 years old, and while not in serious condition, is suffering intense pain from his wounds. W. B. Groves, the boy, who was whipped is able to be about his business. They promised the riders they would buy no more tobacco. They represented the O'Bryan Warehouse Company of Paducah.

## AMUSEMENTS

At Wilmington, Ohio, recently Loris Scarsdale, the dainty, fascinating and altogether laughable Bob White, of the Nixon & Zimmerman musical production of that title, which appears at Holland's Opera House Feb. 19, had to give up during the first act in consequence of a fall upon the ice, sustained en route to the theatre. The part was capably filled by little Connie Mac, in private life Mrs. Frank Dagon. It will be remembered that upon a recent occasion she donned her husband's clothing and got away so successfully with the comedy role that few knew that it was not little Frankie himself. Connie has played every female role, as well as Van Million the Willard Spenser opera.

## A Notable Success.

Charlie Klein's American play, "The Lion and the Mouse" which Henry E. Harris will produce here on Feb. 24, has won from audiences in all the largest cities the most cordial demonstrations of approval and it was certainly taken rank as the notable success of the new century.

## Tomorrow Night.

Miss Flora Tyree left her place at the "Noah's Ark" store and filed suit against Earl Griffith for \$3,000 for breach of promise that young man was exceedingly loath to keep his word and marry.

He called a conference at once, after the suit was filed, however, and the result is that the pair are happily wedded, and the proud husband says that the Lord showed him the proper light.

It is considered here a new divine manifestation. Griffith owns a farm in Graves county and works in the Illinois Central shop here.
